Installation Instructions 7-11-22

**Model SRT2020+LQBR-R**  
**Spyder 2020+ RT LINQ Luggage RACK**

**Steps needed to install your LINQ Luggage Rack. The Spyder Extras RT-2020+RM Base LINQ mount is required.**

- 1.- Take the 4 supplied 1/4-20 counter sunk bolts and place them through the mount holes and take a rubber tapered spacer and place the taper portions against the rack and push each bolt through the spacer on all 4 bolts as shown below.

2.- Next take the rack and mount it to the required **RT-2020+RM**. Take the supplied  $\frac{1}{4}$ " washer and lock nuts and secure the rack to the mount. Using a  $\frac{5}{32}$  Allen wrench and  $\frac{7}{16}$ " wrench or socket, tighten down all 4 locknuts that only compresses the rubber spacer slightly.

3.-Next take the completed unit and mount it to the LINQ mount per the instructions provide with the **RT-2020+RM** base mount. Your rack is now installed.

We thank you for purchasing one of our RT Products. Today we know the need for accessories that compliment your Spyder, and we have met that demand with a stylish system that compliments the design of your Spyder®!
